

OUR SERVICES PRIORITIES

Community

Use the county's major health service strategy programmes to:

1. Establish 10 Primary Care Communities in Cumbria
2. Release bed capacity in the county by improving discharge pathways for patients
3. Redesign and improve our urgent care services with our partners
4. With our partners and communities continue the process of planning the redesign of our community inpatient services

Specialist

Redesign and retain the provision of sexual health and HIV services in Cumbria

Implement the year 1 objectives of the Cumbria End of Life strategy and implement the replacement for the Liverpool Care Pathway

Review the current pathways for our neurology service and establish more flexible care models

Mental Health

Use our clinical expertise to help produce Cumbria's mental health strategy and specifically:

1. Establish recovery focused models for our services
2. Redevelop our pathway for those with personality disorders
3. Develop and deliver psychiatric liaison services
4. Improve our acute service pathways

Children and Families

Embed a whole systems strategy in children and young people's services in order to:

1. Redesign and retain the provision of school nursing services
2. Implement the next phase of improvement in our specialist Child and Adolescent Mental Health Services (CAMHS)
3. Implement the 0-19 healthy child programme

OUR ENABLING PRIORITIES

Begin using the innovative arrangements of the better care together model in South Cumbria and share the learning throughout the Trust

Establish the capabilities for continuous improvement to be embedded across the Trust

Support and establish more effective team-working for the Trust's workforce

Support our workforce to build and maintain their skills for the job

Implement electronic patient records in children's, mental health and learning disability services

Improve clinic services to support all care groups to have effective access to services for patients

Deliver improved recruitment and retention as part of our wider workforce plan to reduce reliance and use of temporary staffing

Systematically remove duplication and waste, and deliver service re-design and re-configuration, in order to achieve our overall financial plans

Roll out clinical dashboards to all services to enable access to the data they need to ensure quality

Refine our new quality governance arrangements to continue improvement in safety, quality and outcomes

Develop leadership and management capability at all levels for our workforce

Build the relationship between our care groups and support services so that our business processes are as effective as possible

Finalise and establish our participation strategy to ensure a strong and vibrant involvement of patients, the public and staff in the Trust and our services
