

Space in Chronic Pain

**TAKE ON ANXIETY
AND LOW MOOD
HEAD-ON**

Improve your wellbeing and quality of life

What is it?

Your online supported programme tailored to your specific needs. Demonstrated to be highly effective in managing emotional distress associated with chronic pain.

Your personal space

Secure immediate access to your programme. Supported by clinicians, access on your phone, tablet or computer with helpful tools like your journal.

Evidence-based content

Based on proven cognitive behavioural therapy (CBT) techniques.

“SilverCloud was a fantastic help and I used it on my phone whilst going to and from work, it gave me help in my hand.”
