

Discharge from the Gynaecology Cancer follow up clinic

As it is now over five years since your treatment for cancer and you are doing well we are discharging you form regular follow-up, as per national guidelines. Your GP will now take over your care but we would, of course, be happy to see you again promptly if you have any future concerns.

If you have any worries about yourself please consult your GP and an appointment can be made for you to see us quickly if necessary.

Some symptoms to look out for

- Swelling of your abdomen which doesn't go away
- Any vaginal bleeding
- Persistent change in your bowel habits
- Any new persistent changes in your general health that are unexplained and last for more than two weeks for example:
 - Any new persistent cough or shortness of breath
 - Any new persistent abdominal aches or pains

These symptoms may not be related to your previous problem but should be checked out if they do not settle within two weeks.

We wish you all the very best for the future.

Feedback

We appreciate and encourage feedback, which helps us to improve our services. If you have any comments, compliments or complaints to make about your care, please contact the PALS team (Patient Advice and Liaison Service) on 01228 814008 between 10.30 and 4.30 Monday to Friday or email PALSCIC@ncuh.nhs.uk.

If you would like this factsheet in another language or format, for example Braille, large print or audio the PALS team will be able to assist you (contact details above)
